

Шаблон „Изваждане на двуцифрени числа“

Запомни!

- Когато изваждаш двуцифрени числа:
- Записвай единиците под единиците и десетиците под десетиците.
 - Започни да изваждаш отзад напред – първо единиците, после десетиците.
 - Не забравяй да отбележиш с точка, ако си взел десетица наум.
 - Когато изваждаш десетиците, не забравяй да извадиш и десетицата, която си взел наум.
